

GROUNDING KIT

1. Product description

Easy install grounding kit for both Copper and Aluminum Corrugated Coax Cable.

Fields of application

Provides lightning protection on feeder cable and radio equipments with easily installation.

2. Properties

Material quality

Steel body moulded in EPDM rubber.

Contact point, plated copper.

Ground wire, 16mm sq. Copper.

RoHs comply

3. Technical data

Operating Temp. Range	-45 to +85 deg C
Contacting Resistance	< 1 m ohm
Cable	16mm sq. (black or green)
Cable Length	600mm
Cable Lugs	10mm diameter hole
Hardware	10mmX 25mm, Hex head bolt with nut, spring and flat Washer.
Inner Conductor	Plated copper
Surge Current	100KA
Waterproofing	IP68

SPECIFICATION	
Part No.	Description
WEI-GK12	Easy install grounding kit for 1/2" corrugated coax cable
WEI-GK78	Easy install grounding kit for 7/8" corrugated coax cable
WEI-GK114	Easy install grounding kit for 1 1/4" corrugated coax cable
WEI-GK158	Easy install grounding kit for 1 5/8" corrugated coax cable
